

672 Series

TouchBar

Overview

The 672 TouchBar is a request-to-exit device which releases electromagnetic or electronic locks when the bar is depressed. Designed for easy installation, smooth operation and maximum durability, the 672 TouchBar offers unmatched features and user benefits.

The "PUSH TO EXIT" signage provides an obvious exit indication for building occupants and the simplified design allows for reversing the signage in the field. The new pivoting bar design allows $\frac{1}{4}$ " activation and the $2\frac{1}{4}$ " low profile provides ample clearance through the door - notably less than others in the industry.

The 672 TouchBar request-to-exit device is easy to install and simple to wire. The device's rugged cast ramped end caps deflect blows and provide extra durability.

- $\frac{1}{4}$ " Movement activates immediate release
- DPDT (standard)

Features and benefits

- Heavy-duty aluminum extrusion with powder coat cast metal end caps - maximum durability
- Field reversible, field sized
- Quick install brackets / universal mounting system for aluminum, hollow metal and wood doors
- Low profile for greater clearance through door
- "PUSH TO EXIT" signage designates opening
- Glow in the Dark (GID) "PUSH TO EXIT" option

672 TouchBar electrical specifications

| | |
|---------------|--|
| Input voltage | 12 or 24 VDC maximum current draw .25 amps |
| Switch | DPDT contacts rated 4 amps @ 30 VDC |
| Wiring | 6 conductor cable - 20 AWG (standard) |

Ordering information

Door size

- 36", 42" or 48"

Finishes

- **628** - Satin anodized aluminum (standard)
- **313** - Dark satin bronze anodized aluminum

TouchPads

- **RD** - Black with red "PUSH TO EXIT"
- **GID** - Black with glow in the dark "PUSH TO EXIT"

Handing

- **RHR** - Right hand reverse
- **LHR** - Left hand reverse -field reversible

Options

- **WD** - Sexnut door kit for heavy-duty wood door and hollow metal door applications
- **AR** - 18" x 1/2" armored door cord (less wire)
- **SHK** - Aluminum door mounting shim kit includes brackets, shims and screws for narrow stile aluminum doors.*

* Note: Screw pack has self-drilling and self-tapping screws for aluminum and wood door applications and rivnuts for hollow metal door applications.
