OLYMPUS 
LOCK, INC.
The cabinet lock innovators.

The cabinet lock innovators.

Olympus® Lock, Inc. designs and manufactures easily rekeyable, pin tumbler cabinet locks and interchangeable core cabinet lock bodies for a broad range of commercial applications. Our mission is to create pin tumbler cabinet locks and accessories of unparalleled innovation, quality, keyway compatibility, and value in a manner which sets a new industry standard for excellence.

Key advantages of Olympus Lock products include:

➤ Easy Rekeyability · Our patented rekeyability features have created a new level of expectation for the cabinet lock industry. Rekeyability saves the end user time and money when servicing is required.

➤ Keyway Compatibility · Olympus® manufactures the broadest assortment of pin tumbler keyways offered by any commercial cabinet lock company including:

- Cabinet locks with National, CCL and Schlage® keyways
- Lock bodies to accept Sargent® original cylinders
- Small format IC core lock bodies that accept Arrow™, Best®, Falcon™, KSP or equivalent SFIC cores
- IC core lock bodies that accept Corbin/Russwin IC cores
- IC core lock bodies that accept large format IC Schlage®, Medeco® Keymark, and Mul-T-Lock IC cores
- IC core lock bodies that accept Medeco/Yale IC cores

We are your single source for pin tumbler cabinet locks!

➤ Innovation · We are a customer driven organization with an emphasis on creating innovative products that meet the ever-changing needs of our customers both today and into the future. Our many U.S. patents and Canadian patents prove our commitment to provide innovative solutions for your cabinet lock needs.

➤ Reliability/Quality/Service · It has always been the intent of Olympus® to provide cabinet locks that are easy to install, use, and service. Each product is carefully designed and engineered at our Lynnwood, Washington headquarters and is manufactured to exacting specifications for function, fit and finish.

➤ Value · Olympus® offers the best value in cabinet locks. In addition to our patented cabinet locks, we also offer a wide range of accessories to make the installation, use, and service of our products as easy as possible. Our key advantages matched with our modest pricing means you get the best product for the money.

TR203	32D, US3	3/8" trim collar	\$3.96
TR200A	32D, US3	Trim collar package (includes above three trim collars)	\$10.56

WP21, WP22, WP23, 10-348, 10-349, 10-350, & 10-351 interior spacers: These spacers are used for flush fitting locks on various material thicknesses. They are intended for use on the interior of the cabinet door or drawer and can be stacked to create the desired thickness.

TR1256, TR78 trim rings: Provides ability to cover up unevenly drilled holes or other flaws around the hole site.

TR201, TR202, TR203, TR200A trim collars: Provide forward spacing to bring lock face forward on thin material thicknesses.

ETS/ETST Series reinforcing spacers and templates: The ETS and ETST series reinforcing trim spacers and templates are made of diecast material and plated in either US26D or US3 finish. The reinforcing trim spacers are intended for use on the exterior of the cabinet door or drawer and provide through-bolt mounting of cabinet locks for a more secure application. The ETST series templates are 1/8" thick and can be used either behind the ETS trim spacer on the front of the cabinet or between the cabinet lock body and the cabinet material on the inside of the cabinet door or drawer. The ETS-PL Series fits between the cabinet face and the reinforcing trim spacer and serves as a cabinet pull in either door or drawer applications.

Special note on our keyed different padlocks:

Olympus does not guarantee that for any group of keyed different padlocks there will not be some locks that may be opened by the same key. The larger the group of keyed different padlocks, the higher the likelihood that some locks may be operated by the same key.

U.S. Shipments

All merchandise is shipped F.O.B. from our Lynnwood, Washington warehouse and becomes the property of the customer when accepted by the carrier. Olympus Lock will pay freight charges on orders of \$1,000.00 net or more to a single destination within the continental U.S.A. (excluding Alaska) via the carrier of our choice. For Hawaii and Alaska Customers: Olympus will pay freight on shipments of \$1,000.00 net or more to closest West Coast port.

Canadian Shipments

All merchandise is shipped F.O.B. our Lynnwood, Washington warehouse and becomes the property of the customer when accepted by the carrier. Olympus Lock will pay freight charges on Canadian orders of \$1,000.00 net or more to closest U.S.A. border crossing via the carrier of our choice provided this information is clearly specified at time of order. Olympus Lock will pay freight charges on Canadian orders of \$2,000.00 net or more to a single Canadian destination via the carrier of our choice. All duty and/or customs charges are the sole responsibility of the customer.

Cancellations

Cancellations or alterations to orders will be accepted only when the cancellation or alteration can be made without loss to Olympus Lock. Orders for non-stock and/or custom items may not be cancelled after work has begun.

Delivery

Claims resulting from loss, shortages or damage-in-transit must be reported to Olympus Lock within 15 days of delivery.

Any claims resulting from shortages, overages, or the shipment of incorrect products by Olympus Lock must be reported to Olympus Lock within 15 days of delivery.

Olympus Lock does not assume responsibility for any damages resulting from any delays in delivery.

Returned Goods Policy

No material is to be returned without our verbal or written permission in advance. All returned goods require a Returned Goods Authorization (RGA) number to be obtained from Olympus Lock prior to returning the goods. Only products purchased within the last 12 months may be returned. Any products purchased more than 12 months prior are ineligible for return. Whether goods may be returned will be at the sole discretion of Olympus Lock, Inc. Merchandise returned must be identified as to original purchase order number, date of purchase, and shipper's name and address.

A 25% restocking fee will apply to all returned goods which are found not to be the responsibility of Olympus Lock.

All goods must be shipped freight prepaid and received at our warehouse within 30 days of receiving an RGA number. Goods not received within 30 days of RGA issuance or for which an RGA number was not issued will not be returned and no credit will be issued.

Returned goods must be received in first-class resaleable condition and in original factory packaging. The determination of "first-class resaleable condition" will be at the sole discretion of Olympus Lock. Goods that are returned and determined by Olympus Lock not to be in first-class resaleable condition will not be returned, will be scrapped at the factory, and no credit will be issued.

The following are non-returnable:

1. Custom keyed, non-stock items
2. Goods that have been installed
3. Goods that required custom stamping
4. Goods with custom, special order finishes
5. Products or parts that have been modified
6. Obsolete or discontinued items

Limited Warranty

Olympus Lock warrants that its products are free from defects in workmanship and materials under normal installation, use and service. This warranty does not cover defects or damages arising from improper installation, improper maintenance, ordinary wear and tear, misuse or abuse.

The only liability of the company in tort or in contract, whether under this warranty or otherwise shall be limited to repair or replacement of products which are returned prepaid to us within one year of the date of original purchase.

This is a limited warranty and is in lieu of all other representations and expressed or implied warranties. Under no circumstances shall Olympus Lock be made liable for any incidental or consequential damages or losses.
