

Floor Safes

**Super Brute and Brute Series
Square Door Floor Safes**

Models

Standard Models are B1500, B2200, B2900, CB1500 and CB2200, although the other models listed in the comparison chart on page 10 are available on a special order basis.

Standard Features

- New innovative design.
- New black textured body and door.
- B+ rate door: 3/4" solid steel plate door is now standard for all B rate doors.
- Attractive robotically welded design offers strong reliable welds to protect against burglary attacks and reduce possible leakage.
- A handle activated locking mechanism consisting of five 3/4" diameter locking bolts. Each one is drive resistant, chromed steel with a long throw.
- One piece heavy duty dead bar behind hinge prevents removal of door even if hinges are removed during a forced entry attempt.
- Oversize floor plate ensures strong installation in concrete.

Options

- The C rate 1" thick solid door (CB Series) is also available on the Super Brute only.
- You may also add many options to customize your safe, such as: a drop slot in the door, depository chute, digital keypad lock and keylocking dial to name a few. Brutes may be installed in the floor, wall, cladding, or even in a larger safe.

**Mini-Brute Square Body Lift Out Door
Floor Safe**

B700

B400 with
dust cover

Mini-Brute Door

- New black textured body and door.
- Convenient reversible lift-out door with a heavy duty handle.
- Optional baffled drop slot in door.

Mini-Brute Body

- One piece 8" square tubular B rate construction.
- A flush cover plate for total concealment under a carpet.
